INDEPENDENT AUDITOR'S REPORT

Board of School Directors Selinsgrove Area School District Selinsgrove, Pennsylvania

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Selinsgrove Area School District (the "District"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the District, as of June 30, 2023, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* (GAS), issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

Zelenkofske Axelrod LLC CERTIFIED PUBLIC ACCOUNTANTS

EXPERIENCE | EXPERTISE | ACCOUNTABILITY

Board of School Directors Selinsgrove Area School District Page 2

Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and GAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
 fraud or error, and design and perform audit procedures responsive to those risks. Such
 procedures include examining, on a test basis, evidence regarding the amounts and disclosures
 in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of expressing an
 opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is
 expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Adoption of New Governmental Accounting Standards Board Pronouncements

As described in Note 1 to the financial statements, in 2023 the District adopted the provisions of Governmental Accounting Standards Board's Statements No. 91, "Conduit Debt Obligations", Statement No. 94, "Public-Private and Public-Public Partnerships and Availability Payment Arrangements", Statements No. 96, "Subscription-Based Information Technology Arrangements", and the required provisions of Statement No. 99, "Omnibus 2022". Our opinion is not modified with respect to these matters.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, the schedule of revenues, expenditures, and changes in fund balance budget and actual – General Fund, the schedule of changes in the total OPEB liability and related ratios – District other postemployment benefits plan, the schedule of the District's proportionate share of the net OPEB liability – PSERS plan, the schedule of the District's OPEB contributions – PSERS plan, the schedule of the District's proportionate share of the net pension liability, and the schedule of District contributions – pension plan on pages 4 through 16 and pages 61 through 66 be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context.

Zelenkofske Axelrod LLC CERTIFIED PUBLIC ACCOUNTANTS

EXPERIENCE | EXPERTISE | ACCOUNTABILITY

Board of School Directors Selinsgrove Area School District Page 3

We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The statistical schedules on pages 68 through 72 and the Schedule of Expenditures of Federal Awards, as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards, are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Schedule of Expenditures of Federal Awards is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Expenditures of Federal Awards is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The statistical schedules have not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated December 14, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

Harrisburg, Pennsylvania December 14, 2023

Management's Discussion & Analysis Year Ended June 30, 2023

Our discussion and analysis of the District's financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2023. Please read it in conjunction with the District's financial statements, which immediately follow this section.

The Management Discussion & Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standard Board (GASB) in their Statement No. 34 – Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments issued in June 1999. Certain comparative information between the current year (2022-23) and the prior year (2021-22) is required to be presented in the MD&A.

FINANCIAL HIGHLIGHTS

- The General Fund final surplus for the year was \$795,680.
- The District was able to transfer an additional \$2.5 million to the Capital Reserve Fund and \$500,000 to the Debt Service Fund from the initial General Fund surplus.
- Total General Fund Reserves (total fund balances) at year-end were \$12.0 million representing 24.3% of 2023-24 budgeted expenses.
- Total combined General Fund, Debt Service Fund, and Capital Reserve Fund reserves increased \$2.83 million or 18.5% to \$18.12 million.

OVERVIEW OF THE FINANCIAL STATEMENTS

This report consists of four parts – management's discussion and analysis (this section), the basic financial statements, required supplementary information, and other supplemental information. The basic financial statements include two kinds of statements that present different views of the District:

- The first two statements are district-wide financial statements that provide both short-term and long-term information about the District's overall financial status.
- The remaining statements are fund financial statements that focus on individual parts of the District, reporting the District's operations in more detail than the district-wide statements.
- The governmental funds statements tell how basic services such as regular and special education were financed in the short term as well as what remains for future spending.
- Proprietary funds statements offer short and long-term financial information about the activities the District operates as a business, such as food service.

The financial statements also include notes that explain some of the information in the statements and provide more detailed data.

Management's Discussion & Analysis Year Ended June 30, 2023

District-wide Statements

The district-wide statements report information about the District as a whole using accounting methods similar to those used by private-sector companies. The statement of net position includes all of the District's assets and liabilities. All of the current year's revenues and expenses are accounted for in the statement of activities regardless of when cash is received or paid.

The two district-wide statements report the District's net assets and how they have changed. Net position, the difference between the District's assets and liabilities, is one way to measure the District's financial health or position.

In the district-wide financial statements, the District's activities are divided into two categories:

- Governmental activities Most of the District's basic services are included here, such as regular and special education, transportation and administration. Property taxes and state formula aid finance most of these activities.
- Business-type activities The District charges fees to help cover the costs of certain services it provides. The District's food service is included here.

Fund Financial Statements

The fund financial statements provide more detailed information about the District's funds, focusing on its most significant or "major" funds and not the District as a whole. Funds are accounting devices the District uses to keep track of specific sources of funding and spending on particular programs:

- Some funds are required by State law and by bond covenants.
- The District establishes other funds to control and manage money for particular purposes or to show that it is properly using certain revenues.

The District has two kinds of funds:

- Governmental funds Most of the District's basic services are included in governmental funds, which generally focus on (1) how cash and other financial assets can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending. Consequently, the governmental funds statements provide a detailed short-term view that helps to determine whether there are more or fewer financial resources that can be spent in the near future to finance the District's programs. Because this information does not encompass the long-term focus of the district-wide statements, we provide additional information with the governmental funds statements to explain the relationship between them.
- Proprietary funds Services for which the District charges a fee are generally reported in proprietary funds. Proprietary funds are reported in the same way as the district-wide statements.

Management's Discussion & Analysis Year Ended June 30, 2023

FINANCIAL ANALYSIS OF THE DISTRICT AS A WHOLE

Net position. The District's combined net position was (\$39,966,535), on June 30, 2023. (See Table A-1).

Management's Discussion & Analysis Year Ended June 30, 2023

Changes in net position. The District's total revenues were \$53,044,265 for the year ended June 30, 2023 (see Table A-2). Property taxes and other taxes levied for general purposes continue to account for most of the District's revenue in the amount of \$27,472,651 or 51.8% of total revenues. Another 18.3% or \$9,681,703 came from state formula aid, which includes basic education, special education, and transportation subsidies. Approximately 26.8% or \$14,209,154 came from grants and contributions, with the remainder of \$1,680,757 or 3.2% coming from fees charged for services, investment earnings, and other revenues.

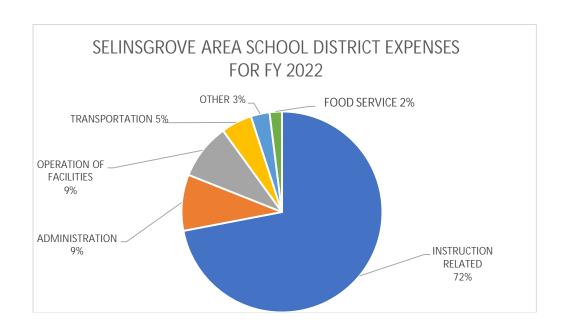

The total cost of all programs and services was \$45,456,844 (see Table A-2). The District's costs related to educating and servicing students were \$34,673,988 or 76.3% of total expenses (Instruction, Instructional Student support, Pupil transportation, Student Activities). Administrative costs accounted for 9.2% of total expenses or \$4,203,967 and operation of the District's facilities accounted for 9.3% of total expenses or \$4,223,312. Finally, food service costs made up 3.5% of total costs or \$1,582,657 and all other expenses (including interest on long-term debt) accounted for 1.7% or \$772,920.

Total revenues exceeded expenses, increasing net position by \$7,587,421.

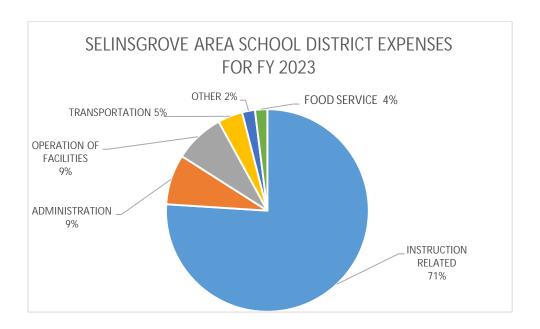

Management's Discussion & Analysis Year Ended June 30, 2023

Management's Discussion & Analysis Year Ended June 30, 2023

The cost of all District activities was \$45,456,844. (See Table A-2).

- Some of the cost was paid by the users of the District's programs (\$1,004,603).
- Federal and state governments subsidized certain programs with grants and contributions (\$14,209,154).
- Most of the District's costs (\$30,243,087), however, were paid for by District taxpayers and taxpayers of our state.

This portion of governmental activities was paid for with \$27,472,651 in taxes, \$10,357,857 of state aid based on the statewide education aid formula, investment earnings, other general revenues.

This resulted in a surplus of revenue over expenses that increased the overall net position by \$7,587,421.

Management's Discussion & Analysis Year Ended June 30, 2023

FINANCIAL ANALYSIS OF THE DISTRICT'S FUNDS

The District's governmental funds reported a combined fund balance of \$18,453,467 a net increase of \$2,849,553 from the prior year. The schedule below summarizes the fund balances and the total changes in fund balances as of June 30, 2022 and 2023.

	Fund Balance	Fund Balance	Increase/
	6/30/2022	6/30/2023	(Decrease)
General	\$11,196,356	\$11,992,036	\$795,680
Capital Projects	2,575,632	4,182,482	1,606,850
Debt Service	1,513,871	1,942,911	429,040
Special Revenue	318,055	336,038	17,983
Total Fund Balances	\$15,603,914	\$18,453,467	\$2,849,553

Management's Discussion & Analysis Year Ended June 30, 2023

Revenues and net other financing sources/uses for the District's governmental funds were \$51,373,834 while Expenses were \$48,524,281 producing a net change in fund balances of \$2,849,553.

GENERAL FUND

The following schedule provides a summary of General Fund revenues:

			Increase/	%
	2022	2023	(Decrease)	Change
		•	•	
Local Sources	\$27,891,788	\$28,680,622	\$788,834	2.8%
State Sources	16,755,313	17,710,483	955,170	5.7%
Federal Sources	2,910,006	4,576,321	1,666,315	57.3%
Financing Sources:				
Bond/Lease	0	0	0	
Proceeds				
Transfer in from	0	0	0	
Other Funds				
Other Financing	11,418	17,817	6,399	56.0%
Sources				
Total Revenue	\$47,568,525	\$50,985,243	\$3,416,718	7.2%

Total General Fund revenue increased by \$3,416,718 or 7.2% from the previous year. Local revenue sources increased \$788,834 or 2.8% from the previous year mainly due to an increase in earned income tax and real estate tax collections. State sources were up by \$955,170 or 5.7% due to an increase in basic education funding and special education funding. Federal sources increased by \$1,666,315 or 57.3% because of ESSER (COVID Relief) funds being utilized.

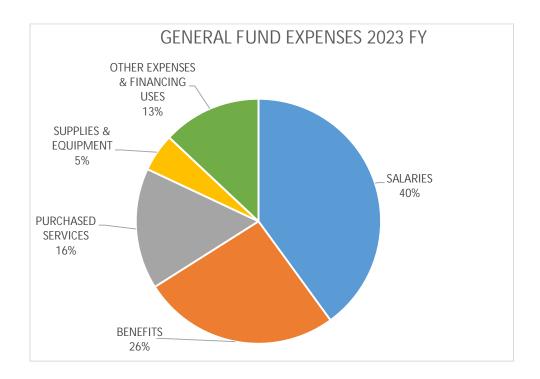

The following schedule presents a summary of General Fund expenditures and other financing uses:

			Increase/	%
	2022	2023	(Decrease)	Change

Total Expenditures/Financing Uses	\$46,908,703	\$50,189,563	\$3,280,860	7.0%

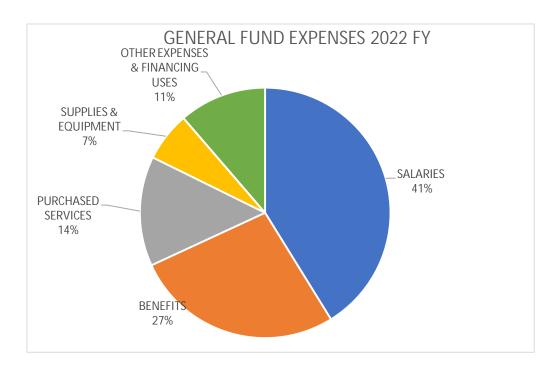

Management's Discussion & Analysis Year Ended June 30, 2023

Total General Fund expenditures and financing uses increased \$3,280,860 or 7.0% from the previous year. Salary costs increased by \$706,304 or 3.7% from 2021-22. This was due to contractual increases by employee groups and additional personnel hired with federal grant funds. Employee benefits increased by \$401,476 or 3.2% due to an increase in medical insurance costs and fringe benefit costs (retirement and social security) associated with the increase in salaries. Purchased service costs increased by \$1,200,267 or 18.1% because of an increase in costs for student tuition expenses for cyber charter school, tuition costs for SUN Tech, pupil transportation, repairs and maintenance, and special education costs through the Central Susquehanna Intermediate Unit. Expenses for Supplies, Materials, and Equipment decreased by a total of \$426,903 or 14.3% because of a decrease in spending for technology and curriculum/software funded through federal grant funds. Other Costs/Financing Uses were \$1,399,716 or 26.4% more than the prior year. There were extra transfers out to the capital reserve and debt service funds from the General Fund year- end budget surplus.

In 2022-23, General Fund revenues and financing sources exceeded expenditures and financing uses by \$795,680. This increased the fund balance to \$11,992,036 at June 30, 2023. This number represents a healthy 24.3% of 2023-24 budgeted expenses.

Management's Discussion & Analysis Year Ended June 30, 2023

General Fund Budgetary Highlights

Over the course of the year, the District reviews expenditures and makes appropriate adjustments to cover unexpected expenditures in the annual operating budget due to increases in appropriations of significant budgeted costs. While the District's original budget for the General Fund anticipated that expenditures and other financing uses and revenues and other financing sources would balance, actual results show that revenues and other financing sources exceeded expenditures and other financing uses by \$795,680. Overall expenses came in \$344,114 or 0.8% under the adjusted budget. Major variances occurred in salary costs, which were \$328,033 or 1.6% under budget. Employee benefits were \$668,760 or 4.9% under budget. Purchased services were \$377,910 or 5.1% over budget. Supplies and Equipment were \$294,275 or 13.0% over budget. Other expenses/budgetary reserve were \$19,509 or 15.1% under budget. Transfers out to the Capital Reserve and Debt Service Funds were \$3,000,000 or 83.3% over budget because of the extra year end transfers from the General Fund surplus. General Fund revenues and financing sources came in \$3,451,566 or 7.3% over budget. Local sources (including the sale of fixed assets) were \$1,161,775 or 4.2% over budget. State sources were \$307,700 or 1.8% over budget. Federal sources were \$1,982,091 or 76.4% over budget.

Management's Discussion & Analysis Year Ended June 30, 2023

CAPITAL ASSETS

The District has invested \$95,599,266 in a broad range of capital assets, including land, school buildings, athletic facilities, library resources, computer and audio-visual equipment, and construction in progress (see table A-4). Accumulated depreciation expenses year to date June 30, 2023 totaled \$60,612,508.

Current year investments in fixed assets included computers and related hardware, improvements to school buildings, and campus site improvements.

Total	\$103,761,686	\$98,362,807	(\$5,398,879)	(5.2%)

Management's Discussion & Analysis Year Ended June 30, 2023

FACTORS INFLUENCING THE DISTRICT'S FINANCIAL FUTURE

The District will face many financial challenges in the future.

Act 1, The Tax Payer Relief Act, will continue to limit the district's ability to raise real estate taxes in order to generate additional revenue to fund the budget. Increases are based upon an inflation factor that is provided by the Department of Education each year. Current projections show a 3%-5% increase over the next few years.

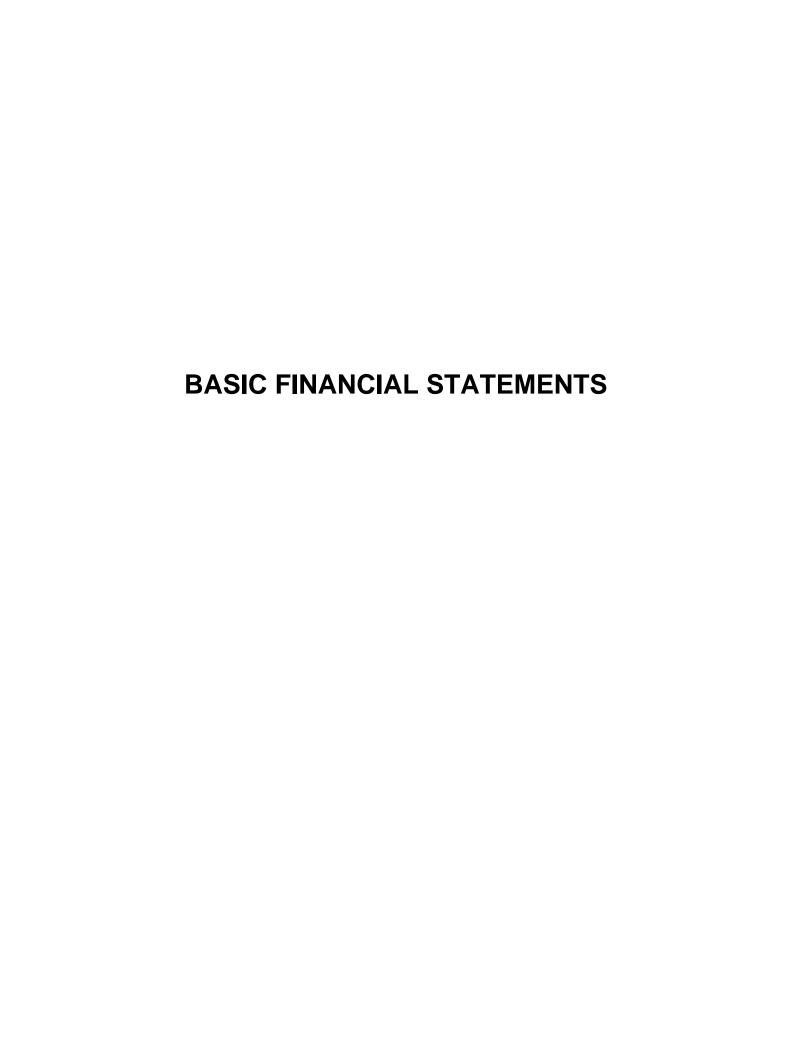

Another factor that will have a major impact is the projected employer contribution into the Pennsylvania School Employees' Retirement System (PSERS). That rate is to increase from 34.00% in 2023-24 to 34.73% in 2024-25 and gradually rising to 38.35% by 2030-31. These high contribution rates will continue to have a major impact on future district budgets.

A final factor that will have an impact on the district's budget in the near term is the loss of the additional federal ESSER funds that were used to offset the effects of learning loss due to COVID. The use of those funds ends 9/30/24. The district has hired additional professional personnel with those funds and plans to continue those programs after the funds run out.

The district maintains a five-year fiscal plan that deals with these factors by using a combination of revenue enhancements, expenditure reductions, and the use of reserves in order to balance future budgets.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

The financial report is designed to provide citizens, taxpayers, customers, and investors and creditors with a general overview of the District's finances and to demonstrate the District's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Business Office, Selinsgrove Area School District, 329 Seals Avenue., Selinsgrove, PA 17870.

NOTE 1: NATURE OF ENTITY SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Nature of Operations

The Selinsgrove Area School District (the "School District") is governed by the Selinsgrove Area School District Board of Education (the "Board"), which has responsibility and control over all activities related to public school education within the District. The District receives funding from local, state, and federal government sources and must comply with all of the requirements of these funding source entities. Board members are elected by the public and have decision-making authority, the power to designate management, the ability to significantly influence operations, and the primary accountability for fiscal matters.

B. Reporting Entity

Governmental Accounting Standards Board ("GASB") Statement No. 61, "The Financial Reporting Entity: Omnibus – an amendment of GASB Statements No. 14 and No. 34" established the criteria used by the District to evaluate the possible inclusion of related entities within its reporting entity based upon financial accountability and the nature and significance of the relationship. Based on the foregoing criteria, the District has no component units that are required to be included in the District's financial statements.

C. <u>Joint Venture</u>

The District participates in the SUN Area Technical Institute (SUN ATI) located in New Berlin, Pennsylvania. This joint venture does not meet the criteria for inclusion within the reporting entity because the SUN ATI is separately chartered from the school districts it serves; its joint operating committee controls the employment of personnel; its joint operating committee has the power to approve all operating expenditures of the SUN ATI; and the SUN ATI is maintained in a separate operating unit.

The District has one member on the joint operating committee which governs the SUN ATI. The committee is comprised of one member from each of the member school districts who are appointed annually. The SUN ATI provides vocational and technical education for students of the member school districts. Each member school district pays tuition to the SUN ATI based upon its enrollment percentage. At the end of each fiscal year, actual expenditures are divided among the member districts based upon the prior year's enrollment percentage. The excess of tuition paid over allocated expenditures is refundable by the SUN ATI to the member districts. If allocable expenditures exceed the tuition paid by any member school district, the school district will pay the additional amount due to the SUN ATI. The member school districts approve the budget of the SUN ATI.

Audited financial statements for the year ended June 30, 2023 for the SUN ATI are available at its business office.

NOTE 1: NATURE OF ENTITY SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

D. Intermediate Unit

The District is a participating member of the Central Susquehanna Intermediate Unit #16 (CSIU) located in Montandon, Pennsylvania. The CSIU is a self-sustaining organization that provides services for fees to participating districts. Through their membership, the District is able to secure various special services including federal program assistance and special education services.

E. Measurement Focus, Basis of Accounting

The basic financial statements of the District are comprised of the following:

- Government-wide financial statements
- Fund financial statements
- Notes to the financial statements

1. Government-wide Financial Statements

Government-wide financial statements (i.e. the statement of net position and the statement of activities) report on all the nonfiduciary activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities which are supported by taxes and intergovernmental revenues are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

Government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and agency fund financial statements which incorporates noncurrent assets as well as long term debt and obligations. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segments are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customer or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

NOTE 1: NATURE OF ENTITY SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. <u>Measurement Focus and Basis of Accounting (Continued)</u>

1. Government-wide Financial Statements (Continued)

Amounts expended to acquire capital assets are capitalized as assets in the government-wide financial statements, rather than reported as an expenditure. Proceeds of long-term debt are recorded as liabilities in the government-wide financial statements, rather than as an other financing source. Amounts paid to reduce long-term indebtedness of the District are reported as a reduction of the related liability, rather than an expenditure.

2. Fund Financial Statements

The operations of the District are organized and are recorded in individual funds. Each fund is a separate accounting entity, with self-balancing accounts that comprise its assets, liabilities, fund balance, revenues, and expenditures or expenses, as appropriate.

Governmental Funds

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collected within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 180 days of the end of the current fiscal period with the exception of taxes which must be received within 60 days of year end to be deemed available. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. Operating and capital grants, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable only when cash is received by the District.

Under the current financial resources measurement focus, only current assets and current liabilities are generally included on the balance sheet. The reported fund balance is considered to be a measure of "available spendable resources". Governmental funds operating statements present increases (revenues and other financing sources) and decreases (expenditures and other financing uses) in net current assets. Accordingly, they are said to present a summary of sources and uses of "available spendable resources" during a period.

Because of their spending measurement focus, expenditure recognition for governmental fund types excludes amounts represented by noncurrent liabilities. Since they do not affect net current assets, such long-term amounts are not recognized as governmental fund type expenditures or fund liabilities.

NOTE 1: NATURE OF ENTITY SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

E. Measurement Focus and Basis of Accounting (Continued)

2. Fund Financial Statements (Continued)

Amounts expended to acquire capital assets are recorded as expenditures in the year that resources were expended, rather than as fund assets. The proceeds of long-term debt are recorded as an other financing source rather than as a fund liability. However, debt service expenditures, as well as expenditures related to compensated absences and claims and judgments, are recorded only when payment is made.

Proprietary Funds

The District's Food Service Fund is a proprietary fund. In the fund financial statements, the proprietary fund is presented using the accrual basis of accounting. Revenues are recognized when they are earned, and expenses are recognized when the related goods or services are delivered. In the fund financial statements, the proprietary fund is presented using the economic resources measurement focus. This means that all assets and all liabilities (whether current or noncurrent) associated with their activity are included on their balance sheets. The proprietary fund type operating statement presents increases (revenues) and decreases (expenses) in total net position.

The proprietary fund's operating revenues, such as charges for services, result from exchange transactions associated with the principal activity of the fund. Exchange transactions are those in which each party receives and gives up essentially equal values. Non-operating revenues, such as subsidies and investment earnings, result from nonexchange transactions or ancillary activities.

Amounts paid to acquire capital assets are capitalized as assets in the fund financial statements, rather than reported as an expenditure. Proceeds of long-term debt are recorded as a liability in the fund financial statements, rather than as an other financing source. Amounts paid to reduce long-term indebtedness are reported as a reduction of the related liabilities, rather than an expense.

F. Basis of Presentation

The following are the District's major funds:

Governmental Fund Types

- The General Fund is the operating fund of the District and is used to account for all financial resources except those required to be accounted for in another fund.
- The Capital Projects Fund is used to account for financial resources to be used in acquisition, construction, or improvement of capital facilities other than those financed by proprietary funds.

NOTE 1: NATURE OF ENTITY SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

F. Basis of Presentation (Continued)

Governmental Fund Types (Continued)

 The Debt Service Fund accounts for the accumulation of resources for the payment of principal, interest, and related costs of the District's general long-term debt.

Additionally the District reports the following Other Governmental Funds:

- The Scholarship Funds are used to account for assets held by the
 District under an agreement for individuals, private organizations, or
 other governments and therefore not available to support the
 District's own programs. However, the District has the ability to direct
 how the funds are applied towards their intended purposes
 established.
- Student Activity Funds account for assets held by the District for various student activities. The District has the ability to direct how the funds are applied towards their intended purposes established.

Proprietary Fund Type

 The Food Service Fund is used to account for the operations of the District's food service operations. Operating Revenues consist of charges for food served. Operating expenses consist mainly of food, food preparation costs, supplies, and other direct costs. All other revenues and expenses are reported as non-operating.

G. Assets, Liabilities, Net Position or Fund Balance

1. Cash and Cash Equivalents

Cash and cash equivalents are considered to be cash on hand, demand deposits, and short-term investments with a maturity of three months or less from the date of acquisition, and pooled fund investments subject to daily withdrawal.

2. Restricted Assets

Restricted Assets represent revenues set-aside for liquidation of specific obligations, as detailed in Note 4.

3. Investments

The Pennsylvania School Code and the District's investment policy establish criteria for the type of investments that can be held by the District. The District's investment in external investments pools are valued at amortized cost and the certificates of deposit are valued at fair value.

NOTE 1: NATURE OF ENTITY SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. <u>Assets, Liabilities, Net Position or Fund Balance (Continued)</u>

4. Receivables and Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding for goods or services rendered at the end of the fiscal year are referred to as "due to/from other funds." All receivables are shown net of an allowance for doubtful accounts.

5. Inventories

Inventories are recorded using the consumption method of accounting and consist of instructional materials, purchased food, supplies, and surplus commodities received from the federal government. Food and supply purchases are recorded at invoice cost, computed on a first-in, first-out method. Surplus commodities are stated at standard costs, as determined by the Department of Agriculture. In the financial statements, commodities received are recorded as deferred until consumed.

6. Prepaid Expenses

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items in both the government-wide and fund financial statements.

7. Capital Assets

Capital assets, which include land, buildings and improvements, and furniture and equipment, are reported in the governmental or business-type activity column in the government-wide and the proprietary fund financial statements. The District defines capital assets with an initial, individual cost of more than: equipment - \$5,000, vehicles - \$10,000, and building improvements - \$25,000. Capital assets are recorded at historical costs or estimated historical costs if purchased or constructed. Donated capital assets are recorded at estimated acquisition value at the date of donation. Intangible assets, such as computer software, are grouped with furniture and equipment in the financial statements and are being depreciated.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend its useful life are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are completed.

NOTE 1: NATURE OF ENTITY SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. <u>Assets, Liabilities, Net Position or Fund Balance (Continued)</u>

7. Capital Assets (Continued)

Capital assets of the District are depreciated using the straight-line method over the following intended useful lives:

Description	Estimated Useful Lives
Site Improvements	20 years
Building and Building Improvements	10-30 years
Furniture, Equipment, and Vehicles	5-15 years

8. Compensated Absences

Compensated absences are those for which employees receive pay. A liability is recorded through the use of estimates, which apply historical data to current factors. The District maintains records of unused absences and applies current and/or contracted compensation rates to the various types of compensated absences.

9. Long-Term Obligations

In the government-wide financial statements and proprietary fund types in the fund financial statements, the long-term debt and other long-term obligations are reported as liabilities in the Statement of Net Position. Bond premiums and discounts are deferred and amortized over the life of the bonds using the straight-line method. Bonds payable are reported net of applicable bond premium or discount and issuance costs are expensed.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

10. <u>Unearned Revenues</u>

Revenues that are received but not yet earned are recorded as unearned revenue in the District's financial statements. In the District's governmental funds, unearned revenues arise when potential revenue does not meet both the "measurable" and "available" criteria for recognition in the current period. Unearned revenues also arise when resources are received by the government before it has a legal claim to them, as when grant monies are received prior to the incurrence of qualifying expenditures.

NOTE 1: NATURE OF ENTITY SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Assets, Liabilities, Net Position or Fund Balance (Continued)

10. Unearned Revenues (Continued)

In subsequent periods, when both revenue recognition criteria are met, or when the District has a legal claim to the resources, the liability for unearned revenue is removed from the governmental funds' balance sheet and revenue is recognized.

11. Fund Balance

The governmental fund financial statements present fund balances based on classifications that comprise a hierarchy that is based primarily on the extent to which the District is bound to honor constraints on the specific purposes for which amounts in the respective governmental funds can be spent. The classifications used in the governmental fund financial statements are as follows:

- Nonspendable fund balance This classification includes amounts that cannot be spent because they are either (a) not in spendable form or (b) are legally or contractually required to be maintained intact.
- Restricted fund balance This classification includes amounts for which constraints have been placed on the use of the resources either (a) externally imposed by creditors (such as through a debt covenant), grantors, contributors, or laws or regulations of other governments, or (b) imposed by law through constitutional provisions or enabling legislation.
- Committed fund balance This classification includes amounts that can be used only for specific purposes pursuant to constraints imposed by formal action of the Board of School Directors. These amounts cannot be used for any other purpose unless the Board of School Directors removes or changes the specified use by taking the same type of action (ordinance or resolution) that was employed when the funds were initially committed.
- Assigned fund balance This classification includes amounts that are constrained by the District's intent to be used for a specific purpose but are neither restricted nor committed. The Board of School Directors delegated this responsibility to the Business Manager.
- Unassigned fund balance This classification represents amounts that are available for any purpose.

In circumstances where an expenditure is to be made for a purpose for which amounts are available in multiple fund balance classifications, the order in which resources will be expended is as follows: restricted fund balance, followed by committed fund balance, assigned fund balance and lastly unassigned fund balance.

NOTE 1: NATURE OF ENTITY SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Assets, Liabilities, Net Position or Fund Balance (Continued)

12. Net Position

The government-wide and proprietary fund financial statements utilize a net position presentation. Net position is categorized as net investment in capital assets, restricted and unrestricted.

- Net Investment in capital assets This category groups all capital assets into one component of net position. Accumulated depreciation and the outstanding balances of debt that are attributable to the acquisition, construction or improvement of these assets reduce the balance in this category.
- Restricted Net Position This category presents external restrictions imposed by creditors, grantors, contributors or laws or regulations of other governments and restrictions imposed by law through constitutional provisions or enabling legislation.
- Unrestricted Net Position This category represents net position of the School District, not restricted for any project or other purpose.

When an expense is incurred for purposes for which both restricted and unrestricted net position are available, the District's policy is to apply restricted net position first.

13. Accounting Estimates

The preparation of the financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual amounts may differ from those estimates.

14. Interfund Transactions

Quasi-external transactions are accounted for as revenues or expenditures. Transactions that constitute reimbursements to a fund for expenditures initially made from it, which are properly applicable to another fund, are recorded as expenditures in the reimbursing fund, and as reductions of expenditures in the fund that is reimbursed. All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers.

15. <u>Deferred Inflows/Outflows of Resources</u>

The Statements of Net Position and Balance Sheet report separate sections for deferred outflows and deferred inflows of resources. These separate financial statement elements represent a consumption or acquisition of net position that applies to a future period(s) and so will not be recognized as an outflow or inflow of resources (expense/revenue) until then.

NOTE 1: NATURE OF ENTITY SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Assets, Liabilities, Net Position or Fund Balance (Continued)

15. Deferred Inflows/Outflows of Resources (Continued)

The District has four items that qualify for reporting in these categories: deferred outflows related to refunding bonds, deferred outflows and inflows related to pensions, deferred outflows and inflows related to other postemployment benefits, and unavailable tax revenue.

Deferred outflows on refunding bonds are the result of differences in the carrying value of the refunded debt and its reacquisition price. The amount is deferred and amortized over the shorter of the life of the refunded or refunding debt. Deferred outflows and inflows of resources related to pensions are described further in Note 10 and deferred outflows and inflows of resources related to other postemployment benefits are described further in Note 11. The components of deferred outflows of resources and deferred inflows of resources, other than the difference between the projected and actual investment earnings on investments, are amortized into pension expense over a closed period, which reflects the weighted average remaining service life of all PSERS members beginning the year in which the deferred amount occurs (current year). The annual difference between the projected and actual earnings on PSERS investments is amortized over a five-year closed period beginning the year in which the difference occurs (current year). Unavailable tax revenue, which arises under the modified accrual basis of accounting, is reported only in the governmental funds balance sheet. The governmental funds report unavailable revenue from property taxes. This amount is deferred and recognized as an inflow of resources in the period that the amount becomes available.

16. PSERS Pension and OPEB

For purposes of measuring net pension liability and OPEB liabilities, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension/OPEB expense, information about the fiduciary net position of the Public School Employee's Retirement System (PSERS) and additions to/deductions from PSERS's fiduciary net position have been determined on the same basis as they are reported by PSERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with benefit terms. Investments are reported at fair value.

H. Adoption of Governmental Accounting Standards Board Statements

The District adopted the provisions of GASB Statement No. 91, "Conduit Debt Obligations". The adoption of this statement did not result in modification of previously reported amounts.

The District adopted the provisions of GASB Statement No. 94, "Public-Private and Public-Public Partnerships and Availability Payment Arrangements". The adoption of this statement did not result in modification of previously reported amounts.

NOTE 1: NATURE OF ENTITY SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

H. Adoption of Governmental Accounting Standards Board Statements (Continued)

The District adopted the provisions of GASB Statement No. 96, "Subscription-Based Information Technology Arrangements". The adoption of this statement resulted in additional disclosures (see Note 13).

The District adopted certain requirements of the provisions of GASB Statement No. 99, "Omnibus 2022". The adoption of these requirements did not result in modification of previously reported amounts.

I. Pending Changes in Accounting Principles

In April 2022, the GASB issued Statement No. 99, "Omnibus 2022". Certain requirements of the Statement were implemented in 2023. The requirements related to financial guarantees and the reporting of derivative investments are effective for the District's fiscal year 2024 financial statements.

In June 2022, the GASB issued Statement No. 100, "Accounting Changes and Error Corrections – an amendment of GASB Statement No. 62". The District is required to adopt the provisions of Statement No. 100 for its fiscal year 2024 financial statements.

In June 2022, the GASB issued Statement No. 101, "Compensated Absences". The District is required to adopt the provisions of Statement No. 101 for its fiscal year 2025 financial statements.

The District has not yet completed the various analysis required to estimate the financial statement impact of these new pronouncements.

NOTE 2: BUDGETS AND BUDGETARY ACCOUNTING

The budget is adopted on a basis consistent with generally accepted accounting principles. An annual appropriated budget is adopted for the general fund. Project-length financial plans are used for capital projects funds. All unencumbered budget appropriations, except capital projects, lapse at the end of each fiscal year.

At the fund level, actual expenditures cannot exceed budgeted appropriations; however, with proper approval by the school board, budgetary transfers between funds accounts can be made. The budgeted financial statements represented in this report reflect the final budget authorization, including all transfers.

NOTE 3: DEPOSIT AND INVESTMENT RISK

The District's investment policy is in accordance with the Public School Code of 1949, Section 440.1 which requires monies to be invested in the following types of investments: U.S. Treasury bills, short-term obligations of the U.S. government or its agencies or instrumentalities, savings or time accounts, or share accounts of institutions insured by the FDIC, FSLIC, or NCUSIF to the extent such accounts are so insured and, for any amounts above the insured maximum provided that approved collateral as provided by law therefore shall be pledged by the depository, obligations of the United States of America or any of its agencies or instrumentalities, obligations of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities, or obligations of any political subdivision of the Commonwealth of Pennsylvania or any of its agencies or instrumentalities.

NOTE 3: DEPOSIT AND INVESTMENT RISK (CONTINUED)

Custodial Credit Risk – For deposits, custodial credit risk is the risk that in the event of the failure of the counterparty, the District will not be able to recover the value of its deposits or collateral securities that are in the possession of an outside party. As of June 30, 2023, the District's cash balances for its governmental activities and business-type activities were \$18,147,226 and its bank balances were \$18,365,411. Of these bank balances, \$8,604,361 were exposed to custodial credit risk and they were collateralized by the pledging of pooled assets held by the pledging financial institutions and uninsured. At June 30, 2023, the District had investments classified as cash equivalents in money market holdings of \$8,761,046 of which \$8,757,591 was invested in external investment pools as described in more detail below.

At June 30, 2023, the District had investments classified as cash equivalents in money market holdings and other short-term investments through the Pennsylvania School District Liquid Asset Fund (PSDLAF) of \$7,759,167 and the Pennsylvania Local Government Investment Trust (PLGIT) of \$998,424.

PSDLAF and PLGIT were established to enable school districts and other local government agencies to pool funds for investments in instruments authorized by section 440.1 of the Pennsylvania Public School Code of 1949, as amended.

Participation in External Investment Pools. Investment Pool investments are multiple investment portfolios with PSDLAF similar to a money market fund. The portfolio investments are valued at amortized costs, which approximates market value. The District has no regulatory oversight for the pool, which is governed by the Board of Trustees. The pool is audited annually by PricewaterhouseCoopers LLP. The pool is rated AAA by Standard & Poor's. PSDLAF issues separate financial statements available at www.psdlaf.org.

The Pennsylvania Local Government Investment Trust (PLGIT) I-Class is a 2a7-like pool. The District's investment in PLGIT is reported at amortized cost, which approximates market value. The District has no regulatory oversight for the pool, which is governed by the Board of Trustee and is administered by PFM Asset Management, LLC. The pool is audited annually by Ernst & Young, LLP. The pool is rated AAA by Standard & Poor's. PLGIT issues separate financial statements available at www.plgit.com.

Restrictions on Qualified Investment Pool Withdrawals. There are no restrictions on the number of withdrawals per calendar month from the PLGIT account. The PSDLAF investments are limited to one withdrawal per week.

Interest Rate Risk. Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates.

NOTE 4: RESTRICTED CASH

Assets whose use is limited to a specific purpose have been classified as "restricted" in the balance sheet. Restricted assets are composed of the following:

Governmental Funds

Restricted Cash

Cash Restricted for Scholarship	\$ 68,940
Cash Restricted for Student Activities	227,165
Cash Restricted for Future Capital Projects	758,089
Cash Restricted for Debt Service Payments	 2,768,911
Total Restricted Cash	\$ 3,823,105

NOTE 5: TAXES ASSESSED

The following is a listing of the taxes assessed along with their respective tax levy:

		ıax
Tax Type	_Millage/Rate_	Levied
Real Estate – Snyder County	71.50 mills	\$ 18,652,535

Real estate taxes are assessed on August 1, of each year and become due and payable on that date. Taxpayers are given a two percent discount if they pay their taxes by September 30. All taxes levied on August 1, become delinquent on December 1, and are charged a ten percent penalty. On December 31, of the following year, all delinquent taxpayers are turned over for collection. Uncollected real estate taxes attach as an enforceable lien on property when recorded in January.

Taxes which remain unpaid are classified as delinquent taxes receivable. Revenue from these delinquent taxes that is not collected within 60 days of year-end is deferred in the fund financial statements because it is not known to be available to finance the operations of the District in the current year. Delinquent taxes receivable at June 30, 2023 were \$640,461. An allowance has been established to recognize the uncollectible portion in the amount of \$9,142.

Taxes receivable also include estimated earned income taxes, real estate transfer taxes, and per capita taxes due to the District at June 30, with the amount not collected within 60 days after year end being deferred in the general fund.

NOTE 6: DUE FROM OTHER GOVERNMENTS

The following table summarizes the amounts due from other governments at June 30, 2023 as related to the District's governmental activities and business-type activities:

Governmental Activities:

Commonwealth of Pennsylvania		
State Sources	\$	1,551,601
Federal Sources		2,220,084
Local Government		337,648
Total	_\$_	4,109,333

Total Depreciation Expense	\$ 3,588,959

NOTE 8: LONG TERM OBLIGATIONS

As of June 30, 2023, the District's long-term debt consisted of the following:

	Balance at July 1, 2022	Additions	Deletions	Balance at June 30, 2023	Due Within One Year	
Governmental Activities:						
General Obligation Bonds	\$ 26,725,000	\$ -	\$ 2,915,000	\$ 23,810,000	\$ 2,945,000	
Less: Bond Premium/(Discount)	628,025	-	171,779	456,246	-	
Compensated Absences	873,039	6,061	-	879,100	32,500	
Net Pension Liability	54,400,000	3,307,000	-	57,707,000	-	
Other Post Employment Benefits	21,763,647		5,796,940	15,966,707		
Total Long Term Obligations	\$ 104,389,711	\$ 3,313,061	\$ 8,883,719	\$ 98,819,053	\$ 2,977,500	
Business-Type Activities: Compensated Absences	\$ 6,211	\$ -	\$ 6,211	\$ -	\$ -	

The net pension liability and other postemployment benefits liability are paid from the general fund.

NOTE 8: LONG TERM OBLIGATIONS (CONTINUED)

Pertinent information regarding long-term debt obligations outstanding is presented below:

General Obligation Debt:	Purpose	Amounts Issued	Amounts Outstanding
Series of 2016	In 2016, the District issued General Obligation Bonds Series of 2016 for the purpose of currently refunding a portion of the General Obligation Bonds Series of 2011. The bonds mature serially through 2024 with interest rates of 2.00% to 3.00%.	\$ 9,710,000	\$ 1,885,000
Series of 2018	In 2018, the District issued General Obligation Bonds Series of 2018 for the purpose of financing capital projects. The bonds mature serially through 2030 with interest rates of 2.375% to 4.000%.	9,995,000	9,155,000
Series A of 2019	In 2019, the District issued General Obligation Bonds Series A of 2019 for the purpose of currently refunding the General Obligation Bonds Series A of 2012 and paying the costs and expenses of issuing the Series A Bonds. The bonds mature serially through 2025 with interest rates of 1.20% to 1.45%.	2,295,000	1,115,000
Series B of 2019	In 2019, the District issued General Obligation Bonds Series B of 2019 for the purpose of currently refunding the General Obligation Bonds Series B of 2012 and paying the costs and expenses of issuing the Series B Bonds of 2019. The bonds mature serially through 2027 with interest rates of 1.20% to 1.63%.	5,090,000	4,645,000
Series C of 2019	In 2019, the District issued General Obligation Bonds Series C of 2019 for the purpose of currently refunding all of the General Obligation Bonds Series of 2013 and paying the costs and expenses of issuing the Series C Bonds. The bonds mature serially through 2028 with interest rates of 1.30% to 1.60%.	7,910,000	7,010,000
Total			\$ 23,810,000

NOTE 8: LONG TERM OBLIGATIONS (CONTINUED)

The following summarized the District's estimated future debt service requirements on these bonds as of June 30, 2023:

	Principal		Interest		_	Total
2024	\$	2,945,000	\$	692,938		\$ 3,637,938
2025		3,615,000		633,300		4,248,300
2026		4,150,000		501,400		4,651,400
2027		4,095,000		359,000		4,454,000
2028		3,025,000		263,950		3,288,950
2029-2030		5,980,000		270,150	_	6,250,150
_	\$	23,810,000	\$	2,720,738		\$ 26,530,738

NOTE 9: COMPENSATED ABSENCES

The changes in the District's compensated absences in 2023 are summarized as follows:

	Governmental		overnmental Business-Type						
	Activities		Activities		Total		Total		
Balance, July 1, 2022	\$	873,039	\$;	6,211		\$	879,250	
Additions/(Reductions)		6,061			(6,211)	_		(150)	
Balance, June 30, 2023	\$	879,100	\$;	-		\$	879,100	

Compensated absences are paid from the General Fund and Food Service Fund.

NOTE 10: PENSION BENEFITS

General Information about the Pension Plan

Plan Description

The Pennsylvania Public School Employees' Retirement System ("PSERS") is a governmental cost-sharing multi-employer defined benefit pension plan that provides retirement benefits to public school employees of the Commonwealth of Pennsylvania.

The members eligible to participate in the System include all full-time public school employees, part-time hourly public school employees who render at least 500 hours of service in the school year, and part-time per diem public school employees who render at least 80 days of service in the school year in any of the reporting entities in Pennsylvania.

The administrative staff of PSERS administers the plan. The control and management of PSERS, including the investment of its assets, is vested in the Board of Trustees (Board). The Board consists of 15 members: the Secretary of Education, ex officio; the State Treasurer, ex officio; two Senators; two members of the House of Representatives; the executive secretary of the Pennsylvania School Boards Association, ex officio; two Governor appointees, at least one of whom shall not be a school employee or an officer or employee of the State of Pennsylvania; three who are elected by the active professional members of PSERS from among their number; one who is elected by annuitants from among their number; one who is elected by members of Pennsylvania public school boards from among their number. The chairman of the Board is elected by the Board members.

Each ex officio member of the Board and each legislative member of the Board may appoint a duly authorized designee to act in their stead.

NOTE 10: PENSION BENEFITS (CONTINUED)

General Information about the Pension Plan (Continued)

Plan Description (Continued)

PSERS was established on July 18, 1917 under the provisions of Pamphlet Law, No. 343. Benefit payments to members and contribution provision by employers and employees are specified in the Pennsylvania Public School Employees' Retirement Code ("Code"). The Commonwealth General Assembly has the authority to amend the benefit terms of the PSERS by passing a bill in the Senate and House of Representatives and sending the bills to the Governor for approval. PSERS issues a publicly available financial report that can be obtained at www.psers.state.pa.us.

Benefits Provided

PSERS provides retirement, disability, and death benefits. Under the provisions of the 1975 revision of the Code by the Pennsylvania General Assembly, members are eligible for monthly retirement benefits upon reaching (a) age 62 with at least 1 year of credited service; (b) age 60 with 30 or more years of credited service; or (c) 35 or more years of service regardless of age. Act 120 of 2010 (Act 120) preserved the benefits of existing members and introduced benefit reductions for individuals who become new members on or after July 1, 2011. Act 120 created two new membership classes, Membership Class T-E (Class T-E) and Membership Class T-F (Class T-F). To qualify for normal retirement, Class T-E and Class T-F members must work until age 65 with a minimum of 3 years of service or attain a total combination of age and service that is equal to or greater than 92 with a minimum of 35 years of service.

Act 5 of 2017 (Act 5) introduced a hybrid benefit with two membership classes and a separate defined contribution plan for individuals who become new members on or after July 1, 2019. Act 5 created two new hybrid membership classes, Membership Class T-G (Class T-G) and Membership Class DC (Class DC). To qualify for normal retirement, Class T-G and Class T-H members must work until age 67 with a minimum of 3 years of credited service. Class T-G may also qualify for normal retirement by attaining a total combination of age and service that is equal to or greater than 97 with a minimum of 35 years of credited service. The current stand-alone defined benefit plan is no longer available to new members after June 30, 2019.

Benefits are generally equal to 1% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service. For members whose membership started prior to July 1, 2011, after completion of five years of service, a member's right to the defined benefits is vested and early retirement benefits may be elected. For Class T-E and T-F members, the right to benefits is vested after ten years of service.

Participants are eligible for disability retirement benefits after completion of five years of credited service. Such benefits are generally equal to 2% or 2.5%, depending upon membership class, of the member's final average salary (as defined in the Code) multiplied by the number of years of credited service, but not less than one-third of such salary nor greater than the benefit the member would have had at normal retirement age. Members over normal retirement age may apply for disability benefits.

NOTE 10: PENSION BENEFITS (CONTINUED)

General Information about the Pension Plan (Continued)

Benefits Provided (Continued)

Death benefits are payable upon the death of an active member who has reached age 62 with at least one year of credited service (age 65 with at least three years of credited service for Class T-E and Class T-F members) or who has at least five years of credited service (ten years for Class T-E and Class T-F members). Such benefits are actuarially equivalent to the benefit that would have been effective if the member had retired on the day before death.

Contributions

Member Contributions:

Member contribution rates are set by law (redefined with the provisions of Act 9 of 2001 and Act 120) and are dependent upon membership class. Member contribution rates are as follows:

Member Contribution Rates									
		Defined							
		Benefit	Defined						
Membership	Continuous Employment	Contribution	Contribution						
Class	Since	Rate	Rate	Total Contribution Rate					
T-C	Prior to July 22, 1983	5.25%	N/A	5.25%					
T-C	On or after July 22, 1983	6.25%	N/A	6.25%					
T-D	Prior to July 22, 1983	6.50%	N/A	6.50%					
T-D	On or after July 22, 1983	7.50%	N/A	7.50%					
				Prior to 7/1/21: 7.50%					
T-E	On or after July 1, 2011	7.50% *	N/A	After 7/1/21: 8.00%					
				Prior to 7/1/21: 10.30%					
T-F	On or after July 1, 2011	10.30% *	N/A	After 7/1/21: 10.80%					
				Prior to 7/1/21: 8.25%					
T-G	On or after July 1, 2019	5.50% *	2.75%	After 7/1/21: 9.00%					
T-H	On or after July 1, 2019	4.50% *	3.00%	Prior to 7/1/21: 7.50%					
				After 7/1/21: 8.25%					
DC	On or after July 1, 2019	N/A	7.50%	7.50%					

^{*} This contribution rate is subject to a shared risk provision as follows:

Shared Risk Program Summary				
	Defined			
Membership	Benefit Base	Shared Risk		
Class	Rate	Increment	Minimum	Maximum
T-E	7.50%	+/- 0.50%	5.50%	9.50%
T-F	10.30%	+/- 0.50%	8.30%	12.30%
T-G	5.50%	+/- 0.75%	2.50%	8.50%
T-H	4.50%	+/- 0.75%	1.50%	7.50%

NOTE 10: PENSION BENEFITS (CONTINUED)

General Information about the Pension Plan (Continued)

Contributions (Continued)

Employer Contributions:

The contribution policy is set by the Code. The District's contractually required contribution rate for fiscal year ended June 30, 2023 was 34.51% of covered payroll, which includes 0.20% for the Act 5 defined contribution plan members, actuarially determined as an amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the pension plan from the District were \$6,769,131 for the year ended June 30, 2023.

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions

At June 30, 2023, the District reported a liability of \$57,707,000 for its proportionate share of the net pension liability. The net pension liability was measured as of June 30, 2022, and the total pension liability used to calculate the net pension liability was determined by rolling forward the System's total pension liability as of June 30, 2021 to June 30, 2022. The District's proportion of the net pension liability was calculated utilizing the employer's one-year reported contributions as it relates to the total one-year reported contributions. At June 30, 2023, the District's proportion was 0.1298 percent, which was a decrease of 0.0027 from its proportion measured as of June 30, 2022.

For the fiscal year ended June 30, 2023, the District recognized pension expense of \$3,219,000. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred Outflows of Resources		red Inflows of esources
Net difference between projected and			_
actual investment earnings	\$ -	\$	979,000
Changes in proportion	48,000		2,233,000
Changes in assumptions	1,723,000		-
Difference between expected and			
actual experience	26,000		499,000
Contributions subsequent to the			
measurement date	 6,769,131		_
Total	\$ 8,566,131	\$	3,711,000

\$6.769 million reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30:	
2024	\$ (711,000)
2025	(755,000)
2026	(1,815,000)
2027	1,367,000_
Total	\$ (1,914,000)

NOTE 10: PENSION BENEFITS (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Actuarial Assumptions

The total pension liability as of June 30, 2022 was determined by rolling forward the System's total pension liability as of the June 30, 2021 actuarial valuation to June 30, 2022 using the following actuarial assumptions, applied to all periods included in the measurement:

- Investment rate of return was 7.00%
- The inflation assumption was 2.75%
- Salary growth changed to an effective average of 4.50%, which was comprised of inflation 2.50% and 2.00% for real wage growth and for merit and seniority increases.
- Mortality rates were based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Mortality Improvement Scale.
- The discount rate used to measure the Total Pension Liability was 7.00% as of June 30, 2021 and as of June 30, 2022.

Changes in Actuarial Assumptions:

- Demographic and economic assumptions approved by the Board for use effective with the June 30, 2021 actuarial valuation:
 - Salary growth rate decreased from 5.00% to 4.50%
 - Real wage growth and merit or seniority increases (components for salary growth) – decreased from 2.75% and 2.25% to 2.50% and 2.00%, respectively.
 - Mortality rates previously based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale. Effective with the June 30, 2021 actuarial valuation, mortality rates are based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.

The actuarial assumptions used in the June 30, 2022 valuation were based on the experience study that was performed for the five-year period ending June 30, 2020.

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

The pension plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Plan assets are managed with a long-term objective of achieving and maintaining a fully funded status for the benefits provided through the pension.

NOTE 10: PENSION BENEFITS (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Actuarial Assumptions (Continued)

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Global public equity	28.0%	5.3%
Private equity	12.0%	8.0%
Fixed income	33.0%	2.3%
Commodities	9.0%	2.3%
Absolute return	6.0%	3.5%
Infrastructure/MLPs	9.0%	5.4%
Real estate	11.0%	4.6%
Cash	3.0%	0.5%
Leverage	(11.0%)	0.5%
<u> </u>	100.0%	

The above was the Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2022.

Discount Rate

The discount rate used to measure the total pension liability was 7.00%. The projection of cash flows used to determine the discount rate assumed that contributions from plan members will be made at the current contribution rate and that contributions from employers will be made at contractually required rates, actuarially determined. Based on those assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

Sensitivity of the School District's proportionate share of the net pension liability to change in the discount rate

The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is one percentage point lower (6.00%) or one percentage point higher (8.00%) than the current rate:

	1% Decrease 6.00%	Current discount rate 7.00%	1% Increase 8.00%
District's proportionate share of the net pension liability	\$ 74,641,000	\$ 57,707,000	\$ 43,431,000

NOTE 10: PENSION BENEFITS (CONTINUED)

Pension Liabilities, Pension Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions (Continued)

Pension Plan Fiduciary Net Position

Detailed information about the pension plan's fiduciary net position is available in the separately issued PSERS Annual Comprehensive Financial Report which can be found on the system's website at www.psers.pa.gov.

At June 30, 2023, the District reported a payable of \$1,940,126 for the outstanding amount of contributions to the pension plan required for the year ended June 30, 2023.

NOTE 11: POSTEMPLOYMENT BENEFITS PLAN

District Specific Plan

Plan Description

Plan Administration. The District School Board of Directors administers a single-employer defined benefit postemployment benefit (OPEB) plan (the "Plan") that is used to provide postretirement healthcare benefits for teachers and certain others who retire under the qualifications of the Pennsylvania School Employee's Retirement System. Plan provisions are established based on bargaining agreements negotiated by the District. The plan is unfunded, and no financial report is prepared.

Plan Membership. As of June 30, 2023, the Plan's membership consisted of the following:

Active Participants	246
Retired Participants	40
Total	286

Benefits Provided. The Plan provides healthcare benefits to eligible retirees and their spouses. Benefits are provided through a third-party insurer and vary depending on employee classification and years of service of the retiree. The District covers the full medical and prescription coverage for a retired assistant superintendent and eligibility dependents but requires the retiree to contribute 4% of the plan premium, which may be reduced by 1% for every 40 unused sick days accumulated. The District pays the full premium for medical and prescription drugs for teachers and administrators who retired prior to 7/1/16 with at least 10 years of district service who retired before 9/1/2000 and requires participants who retire after 9/1/2000 to pay a supplemental amount of \$100 per month. Administrators retiring after 7/1/16 through PSERS with at least 8 years of district service are provided with medical and prescription drug coverage with a premium share, which can be reduced by 1% for every 40 unused sick days accumulated, as follows based on Single, H/W, and Family, respectively: retired 2016-2017 (6.5%, 10%, and 23%); retired 2017-2018 (4.5%, 8%, and 23%); retired 2018-2019 (6.5%, 10%, and 23%); and retiring after 2019 (10%, 13.5%, and 23%).

NOTE 11: POSTEMPLOYMENT BENEFITS PLAN (CONTINUED)

District Specific Plan (Continued)

Plan Description (Continued)

Benefits Provided (Continued)

Teachers retiring after 7/1/16 are provided with medical and prescription drug coverage with a premium share, which can be reduced by 1% for every 40 unused sick days accumulated, as follows:

Retirement	Eligibility	Premium Share
2016-2017	Age 52, 15 years district service OR	Age 52: 6.5% single, 40% others
	Age 60 with 10 years district service	Age 53: 6.5% single, 35% others
		Age 54: 6.5% single, 30% others
		Age 55+: 6.5% single, 23% others
2017-2018	Age 53, 15 years of district service OR	Age 53: 4.5% single, 35% others

After 2019	Age 55, 15 years of district service OR	Age 55+: 10% single, 23% others
	Age 60 with 10 years of district service	

Classified employees who have 30 years of PSERS service or reach PSERS superannuation retirements are entitled to receive medical and prescription drug coverage for a premium. The School Board of Directors has the authority to periodically negotiate the benefit terms established in the bargaining agreements.

Contributions. The contribution requirements of the plan members and the District are established and may be amended by the School Board of Directors. No assets are accumulated in a trust that meets the criteria in paragraph 4 of Statement No. 75. The plan is funded on a pay-as-you-go basis, i.e., premiums are paid annually to fund the healthcare benefits provided to current retirees, primarily through annual appropriations from the General Fund. Retiree contribution rates and amount vary depending on classification and years of service with the District.

Total OPEB Liability

The District's total OPEB liability of \$13,588,707 was measured as of July 1, 2022 using the actuarial assumptions from the actuarial valuation date of July 1, 2022.

Actuarial Assumptions and Other Inputs. The total OPEB liability in the July 1, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Inflation 2.50%

Salary Increases 4.00% average, including inflation

Discount Rate 4.06%

Healthcare Cost Trend Rates 6.50% for 2022, 6.00% in 2023, and 5.50% in 2024-

2025. Rates gradually decrease from 5.40% in 2026 to 3.90% in 2075 and later based on the Society of

Actuaries Long-Run Medical Cost Trend Model.

NOTE 11: POSTEMPLOYMENT BENEFITS PLAN (CONTINUED)

District Specific Plan (Continued)

Total OPEB Liability (Continued)

The discount rate was based on the S&P Municipal Bond 20 Year High Grade Rate Index at July 1, 2022.

Mortality rates are assumed using the PubT-2010 headcount-weighted mortality table including rates for contingent survivors for teachers, and PubG-2010 headcount-weighted mortality table including rates for contingent survivors for all other employees with projections incorporated based on Scale MP-2021 to reflect mortality improvement.

The actuarial assumptions used in the July 1, 2022 valuation were based on historical results, as a recent experience study was not completed.

Changes in the District's total OPEB liability for the plan for the fiscal year ended June 30, 2023 was as follows:

	otal OPEB Liability
Beginning Balance	\$ 18,636,647
Service Cost	1,075,063
Interest	436,920
Differences between Expected and Actual Experience	(2,210,555)
Changes in Assumptions	(3,336,686)
Benefit Payments	(1,012,682)
Net Changes	(5,047,940)
Ending Balance	\$ 13,588,707

Changes in assumptions reflect a change in the discount rate from 2.28% to 4.06%.

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates. The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a healthcare cost trend rate that is 1-percentage point lower (5.5%) or 1-percentage higher (7.5%) than the current discount rate:

	1% Decrease 5.5%	Current trend rate 6.5%	1% Increase 7.5%
District's total OPEB liability	\$ 12,250,071	\$ 13,588,707	\$ 15,147,519

NOTE 11: POSTEMPLOYMENT BENEFITS PLAN (CONTINUED)

District Specific Plan (Continued)

Total OPEB Liability (Continued)

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate. The following presents the total OPEB liability of the District, as well as what the District's total OPEB liability would be if it were calculated using a discount rate that is 1-percentage point lower (3.06%) or 1-percentage higher (5.06%) than the current discount rate:

		Current	
	1% Decrease 3.06%	discount rate 4.06%	1% Increase 5.06%
District's total OPEB liability	\$ 14,609,454	\$ 13,588,707	\$ 12,632,899

<u>OPEB Expense</u>, <u>Deferred Outflows of Resources</u>, <u>and Deferred Inflows of Resources</u> Related to OPEB

For the year ended June 30, 2023, the District recognized OPEB expense of \$1,320,873. At June 30, 2023, the District reported deferred outflows related to OPEB from the following sources:

	Deferred Outflows of		Deferred Inflows of	
	Resources		Resources	
Changes in assumptions	\$	1,571,772	\$	3,813,681
Difference between expected and				
actual experience		1,103,308		2,046,799
Contributions subsequent to the				
measurement date		887,115		-
Total	\$	3,562,195	\$	5,860,480

The \$887,115 reported as deferred outflows of resources related to OPEB resulting from contributions subsequent to the measurement date will be recognized as a reduction of the total OPEB liability for the year ended June 30, 2024. Other deferred outflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:	
2024	\$ (191,110)
2025	(191,110)
2026	(191,110)

Thereafter	(2,229,848)
Total	\$ (3,185,400)

PSERS Healthcare Insurance Premium Assistance Plan

Plan Description

In addition, the Pennsylvania Public School Employees' Retirement System ("PSERS") provides a Health Insurance Premium Assistance Plan ("PSERS Plan"). The PSERS Plan is a governmental cost-sharing multi-employer postretirement benefits plan that provides premium assistance to eligible public school employees of the Commonwealth of Pennsylvania.

NOTE 11: POSTEMPLOYMENT BENEFITS PLAN (CONTINUED)

PSERS Healthcare Insurance Premium Assistance Plan (Continued)

Plan Description (Continued)

Under the PSERS Plan, employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of premium assistance benefits for each succeeding year.

The administrative staff of PSERS administers the PSERS Plan. The control and management of PSERS, including the investment of its assets, is vested in the 15 member Board of Trustees (Board). The Commonwealth General Assembly has the authority to amend the benefit terms of the PSERS Plan by passing a bill in the Senate and House of Representatives and sending the bills to the Governor for approval. PSERS issues a publicly available financial report that can be obtained at www.psers.state.pa.us.

Retirees of the System can participate in the PSERS Plan if they satisfy the following criteria:

- Have 24 ½ or more years of service, or
- · Are a disability retiree, or
- · Have 15 or more years of services and retired after reaching superannuation age

For Class DC members to become eligible for premium assistance, they must satisfy the following criteria:

- Attain Medicare eligibility with 24 ½ or more eligibility points, or
- Have 15 or more eligibility points and terminated after age 67, and
- · Have received all or part of their distributions

Benefits Provided

Participating eligible retirees are entitled to receive premium assistance payments equal to the lessor of \$100 per month or their out-of-pocket monthly health insurance premium. To receive premium assistance, eligible retirees must obtain their health insurance through either their school employer or the PSERS' Health Options Program. As of June 30, 2023 there were no assumed future benefit increases to participating eligible retirees.

Employer Contributions. The school districts' contractually required contribution rate for fiscal year ended June 30, 2023 was 0.75% of covered payroll, an actuarially determined amount that, when combined with employee contributions, is expected to finance the costs of benefits earned by employees during the year, with an additional amount to finance any unfunded accrued liability. Contributions to the PSERS Plan from the District were \$147,112 for the year ended June 30, 2023.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows or Resources Related to OPEB:

At June 30, 2023, the District reported a liability of \$2,378,000 for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of June 30, 2022, and the total OPEB liability used to calculate the net OPEB liability was determined by rolling forward the System's total OPEB liability as of June 30, 2021 to June 30, 2022.

NOTE 11: POSTEMPLOYMENT BENEFITS PLAN (CONTINUED)

PSERS Healthcare Insurance Premium Assistance Plan (Continued)

The District's proportion of the net OPEB liability was calculated utilizing the employer's one-year reported covered payroll as it relates to the total one-year reported covered payroll of all School Districts in the PSERS Plan. At June 30, 2023, the District's proportion was 0.1292 percent, which was a decrease of 0.0027 from its proportion measured as of June 30, 2022.

For the year ended June 30, 2023, the District recognized OPEB expense of \$20,000. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to OPEB from the following sources:

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows or Resources Related to OPEB (Continued):

	 Outflows of sources	 Inflows of ources
Net difference between projected and actual investment earnings	\$ 6,000	\$ _
Difference between expected and		
actual experience	22,000	13,000
Changes in assumptions	264,000	562,000
Changes in proportion	26,000	168,000
Contributions subsequent to the		
measurement date	147,112	-
Total	\$ 465,112	\$ 743,000

\$147,112 reported as deferred outflows of resources related to OPEB resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net OPEB liability in the year ended June 30, 2024. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to OPEB will be recognized in OPEB expense as follows:

Year ended June 30:	
2024	\$ (109,000)
2025	(55,000)
2026	(75,000)
2027	(87,000)
2028	(99,000)_
Total	\$ (425,000)

Actuarial Assumptions. The total OPEB liability as of June 30, 2022 was determined by rolling forward the System's total OPEB liability as of the June 30, 2021 actuarial valuation to June 30, 2022 measurement date using the following actuarial assumptions, applied to all periods included in the measurement:

- Actuarial cost method Entry Age Normal level % of pay.
- Investment return 4.09% S&P 20 Year Municipal Bond Rate.
- Salary growth Effective average of 4.50%, comprised of inflation of 2.50% and 2.00% for real wage growth and for merit and seniority increases.

NOTE 11: POSTEMPLOYMENT BENEFITS PLAN (CONTINUED)

PSERS Healthcare Insurance Premium Assistance Plan (Continued)

<u>OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred</u> Inflows or Resources Related to OPEB (Continued):

Actuarial Assumptions (Continued)

- Premium assistance reimbursement capped at \$1,200 per year.
- Assumed Healthcare cost trends were applied to retirees with less than \$1,200 in premium assistance per year.
- Mortality rates were based on a blend of 50% PubT-2010 and 50% PubG-2010 Retiree Tables for Males and Females adjusted to reflect PSERS' experience and projected using a modified version of the RP-2020 Mortality Improvement Scale.
- Participation rate:
 - o Eligible retirees will elect to participate pre age 65 at 50%.
 - o Eligible retirees will elect to participate post age 65 at 70%.

The following assumptions were used to determine the contribution rate:

- The results of the actuarial valuation as of June 30, 2020 determined the employer contribution rate for fiscal year 2022.
- Cost Method: Amount necessary to assure solvency of Premium Assistance through the third fiscal year after the valuation date.
- Asset valuation method: Market Value.
- Participation rate: The actual data for retirees benefiting under the Plan as of June 30, 2021 was used in lieu of the 63% utilization assumption for eligible retirees.
- Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale.

The actuarial assumptions used in the June 30, 2022 valuation were based on the results of an actuarial experience study that was performed for the five year period ended June 30, 2020.

Changes in Actuarial Assumptions

- The discount rate increased from 2.18% as of June 30, 2021 to 4.09% as of June 30, 2022.
- Demographic and economic assumptions approved by the Board for use effective with the June 30, 2021 actuarial valuation:
 - Salary growth rate decreased from 5.00% to 4.50%
 - Real wage growth and merit or seniority increases (components for salary growth) decreased from 2.75% and 2.25% to 2.50% and 2.00%, respectively.
 - Mortality rates previously based on the RP-2014 Mortality Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2015 Mortality Improvement Scale. Effective with the June 30, 2021 valuation, mortality rates are based on a blend of 50% PubT-2010 Retiree Tables for Males and Females, adjusted to reflect PSERS' experience and projected using a modified version of the MP-2020 Improvement Scale.

NOTE 11: POSTEMPLOYMENT BENEFITS PLAN (CONTINUED)

PSERS Healthcare Insurance Premium Assistance Plan (Continued)

Actuarial Assumptions (Continued)

Investments consist primarily of short-term assets designed to protect the principal of the plan assets. The expected rate of return on OPEB plan investments was determined using the OPEB asset allocation policy and best estimates of geometric real rates of return for each asset class.

The OPEB plan's policy in regard to the allocation of invested plan assets is established and may be amended by the Board. Under the Program, as defined in the retirement code employer contribution rates for Premium Assistance are established to provide reserves in the Health Insurance Account that are sufficient for the payment of Premium Assistance benefits for each succeeding year.

The Board's adopted asset allocation policy and best estimates of geometric real rates of return for each major asset class as of June 30, 2022 were:

Asset Class	Target Allocation	Long-Term Expected Real Rate of Return
Cash	100.0%	0.5%
Total	100.0%	

Discount rate. The discount rate used to measure the total OPEB liability was 4.09%. Under the plan's funding policy, contributions are structured for short term funding of Premium Assistance. The funding policy sets contribution rates necessary to assure solvency of Premium Assistance through the third fiscal year after the actuarial valuation. The Premium Assistance account is funded to establish reserves that are sufficient for the payment of Premium Assistance benefits for each succeeding year. Due to the short-term funding policy, the OPEB plan's fiduciary net position was not projected to be sufficient to meet projected future benefit payments, therefore the plan is considered a "pay-as-you-go" plan. A discount rate of 4.09% which represents the S&P 20-year Municipal Bond Rate at June 30, 2022, was applied to all projected benefit payments to measure the Total OPEB liability.

Sensitivity of the District's proportionate share of the net OPEB liability to changes in the healthcare cost trend rates

Healthcare cost trends were applied to retirees receiving less than \$1,200 in annual Premium Assistance. As of June 30, 2022, retirees Premium Assistance benefits are not subject to future healthcare cost increases. The annual Premium Assistance reimbursement for qualifying retirees is capped at a maximum of \$1,200. As of June 30, 2022, 93,392 retirees were receiving the maximum amount allowed of \$1,200 per year. As of June 30, 2022, 582 members were receiving less than the maximum amount allowed of \$1,200 per year. The actual number of retirees receiving less than the \$1,200 per year cap is a small percentage of the total population and has a minimal impact on Healthcare Cost Trends as depicted below.

NOTE 11: POSTEMPLOYMENT BENEFITS PLAN (CONTINUED)

PSERS Healthcare Insurance Premium Assistance Plan (Continued)

<u>Sensitivity of the District's proportionate share of the net OPEB liability to changes in the</u> healthcare cost trend rates (Continued)

The following presents the District's Proportionate Share of the net OPEB liability as well as what the District's Proportionate Share of the net OPEB liability would be if it was calculated using health cost trends that are 1-percentage point lower or 1-percentage higher than the current rate:

	1% Decrease 4% to 6%	Current discount rate 5% to 7%	1% Increase 6% to 8%
District's proportionate share of the net OPEB liability	\$ 2,378,000	\$ 2,378,000	\$ 2,378,000

Sensitivity of the District's proportionate share of the net OPEB liability to changes in the discount rate.

The following presents the District's proportionate share of the net OPEB liability, as well as what the District's proportionate share of the net OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (3.09 percent) or higher (5.09 percent) than the current discount rate:

	1% Decrease 3.09%	Current discount rate 4.09%	1% Increase 5.09%
District's proportionate share of net OPEB liability	\$ 2,690,000	\$ 2,378,000	\$ 2,118,000

OPEB plan fiduciary net position

Detailed information about PSERS' fiduciary net position is available in PSERS Annual Comprehensive Financial Report which can be found on the System's website at www.psers.pa.gov.

At June 30, 2023 the District reported a payable of \$42,164 for the outstanding amount of contributions to the OPEB plan.

NOTE 12: RISK MANAGEMENT

The District is exposed to various risks of losses related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The District provides for these risks through the purchase of commercial insurance coverage.

NOTE 13: COMMITMENTS AND CONTINGENCIES

The District is subject to real estate tax assessment appeals on an ongoing basis. If tax appeals are successful, the result is a loss of tax revenue to the District. It is anticipated that any material loss of tax revenue on individual tax appeals will be offset with additional revenues from other properties or other sources of revenue and would not create a financial hardship to the District.

The District participates in numerous state and federal grant programs, which are governed by various rules and regulations of the grantor agencies. Costs charged to the respective grant programs are subject to audit and adjustment by the grantor agencies; therefore, to the extent that the District has not complied with the rules and regulation governing the grants, refunds of any money received may be required and the collectability of any related receivables at June 30, 2023 may be impaired. In the opinion of the District, there are no significant contingent liabilities relating to compliance with the rules and regulations governing the respective grants; therefore, no provision has been recorded in the accompanying financial statements for such contingencies.

The District has contractual obligations with various contractors for roof replacement and fencing of approximately \$625,462 as of June 30, 2023. The District expects to finance these outstanding commitments from the capital projects fund.

The District has entered into a contracted transportation service agreement with an external party to provide busing service for elementary and secondary pupils. This agreement does not meet the criteria of a lease under GASB 87 as the terms and conditions for payment specify a rate of reimbursement per mile calculated by the Commonwealth. Since the payments are variable based on the usage of the underlying asset, the District has not recorded a liability in the financial statements for this agreement in accordance with GASB 87.

The District has entered into subscription-based information technology agreements with various vendors to provide electronic educational programs as well as administrative storage and operating systems. These agreements are for a maximum term of twelve months or include a provision that either party can terminate with a reasonable amount of notice and, as such, the District has not recorded a liability in the financial statements for these agreements in accordance with GASB 96.

NOTE 14: INTERFUND RECEIVABLES AND PAYABLES AND TRANSFERS

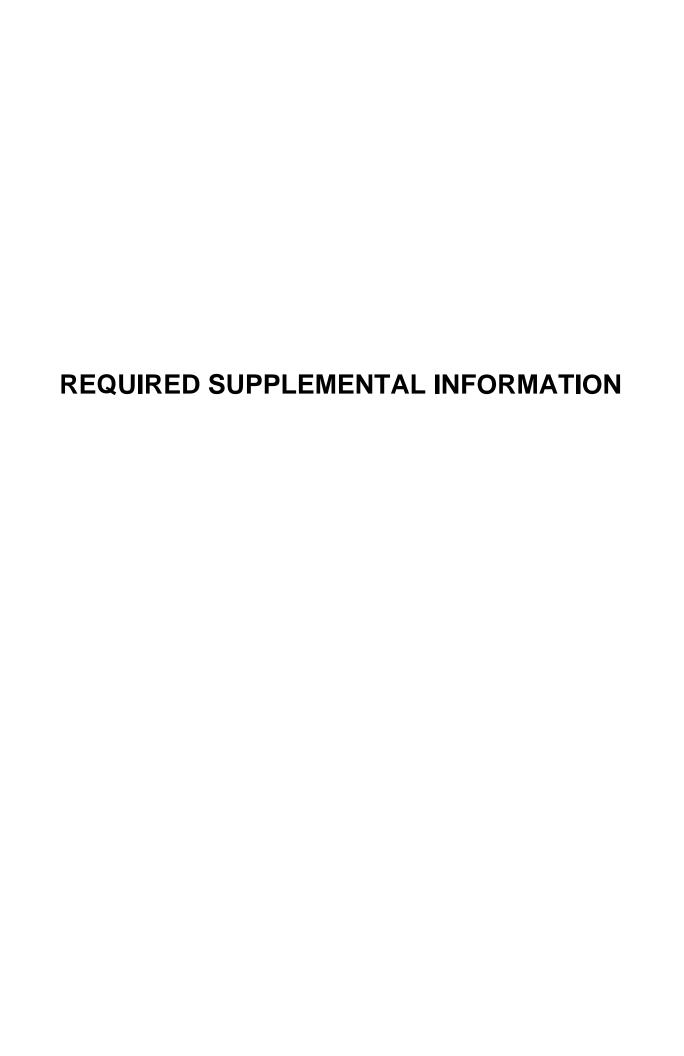

Interfund balances at June 30, 2023 are as follows:

O4
Out
,000
-
-
-
,000
)

The outstanding balances between funds result mainly from the time lag between the dates that (1) interfund goods and services are provided, (2) reimbursable expenditures occur and (3) payments between funds are made. Transfers from the general fund are used to reimburse other funds for debt service payments and finance additional capital outlay.

NOTE 15: SUBSEQUENT EVENTS

The District had evaluated all subsequent events through the report issue date of December 14, 2023. No events have taken place that effect the financial statements or require disclosure.

Tax Collection Record

The School District mails tax notices to taxpayers on or about August 1 of each year. The tax collection process of the School District allows taxpayers remitting in full prior to September 30 of each year a 2% discount on their tax obligations. Remittances between October 1 and November 30 are paid at par and taxpayers remitting after December 1st pay a 10% penalty. After December 31, all unpaid real estate taxes are turned over to Snyder County for collection.

The School District's real estate tax collection record is shown below:

			Current Year		Collections as
			Collections as	Current Plus	Percent of
Fiscal Year	Total Gross	Current Year	a Percent of	Delinquent	Total Gross

SELINSGROVE AREA SCHOOL DISTRICT NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS FOR THE YEAR ENDED JUNE 30, 2023

NOTE 1: REPORTING ENTITY

Selinsgrove Area School District (the "District") is the reporting entity for financial reporting purposes as defined in Note 1B to the District's basic financial statements. For purposes of preparing the schedules of expenditures of federal awards, the District's reporting entity is the same that was used for financial reporting.

NOTE 2: BASIS OF ACCOUNTING

The accompanying Schedule of Expenditures of Federal Awards includes the grant activity of the District and is presented using the accrual basis of accounting, which is described in Note 1E to the District's basic financial statements. The District did not use the 10% de minimis indirect cost rate.

NOTE 3: RISK-BASED AUDIT APPROACH

The 2023 threshold for determining Type A and Type B programs is \$750,000.

The following Type A programs audited as major:

84.425 Education Stabilization Fund

10.553/10.555/10.559 Child Nutrition Cluster

The amount expended under the program audited as a major federal program for the year ended June 30, 2023, totaled \$4,613,237 or 79.8% of total federal awards expended.

NOTE 4: MEDICAL ASSISTANCE

Access reimbursement received under ALN 93.778, Revenue Code 8810 are classified as fee-for-service revenues and are not recognized as federal awards for the purpose of the Schedule of Expenditures of Federal Awards.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS
PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

INDEPENDENT AUDITOR'S REPORT

Board of School Directors Selinsgrove Area School District Selinsgrove, Pennsylvania

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Selinsgrove Area School District (the "District"), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements and have issued our report thereon dated December 14, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a deficiency in internal control, described in the accompanying schedule of findings and questioned costs as item 2023-001 that we consider to be a material weakness.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

The District's Response to Finding

Government Auditing Standards require the auditor to perform limited procedures on the District's response to the finding identified in our audit and described in the accompanying schedule of findings and question costs. The Districts response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

EXPERIENCE | EXPERTISE | ACCOUNTABILITY

Board of School Directors Selinsgrove Area School District

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND REPORT ON INTERNAL CONTROL

INDEPENDENT AUDITOR'S REPORT

OVER COMPLIANCE REQUIRED BY THE UNIFORM GUIDANCE

Board of School Directors Selinsgrove Area School District Selinsgrove, Pennsylvania

Report on Compliance for Major Federal Programs

Opinion on Each Major Federal Program

We have audited the Selinsgrove Area School District's (the "District") compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2023. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on the District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists.

EXPERIENCE | EXPERTISE | ACCOUNTABILITY

Board of School Directors Selinsgrove Area School District

The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material noncompliance, whether due to fraud or error, and design
 and perform audit procedures responsive to those risks. Such procedures include examining, on a
 test basis, evidence regarding the District's compliance with the compliance requirements referred
 to above and performing such other procedures as we considered necessary in the circumstances.
- Obtain an understanding of the District's internal control over compliance relevant to the audit in
 order to design audit procedures that are appropriate in the circumstances and to test and report
 on internal control over compliance in accordance with the Uniform Guidance, but not for the
 purpose of expressing an opinion on the effectiveness of the District's internal control over
 compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance and therefore, material weaknesses or significant deficiencies may exist that were not identified. However, as discussed below, we did identify a deficiency in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance. We consider the deficiency in internal control described in the accompanying schedule of findings and questioned costs as item 2023-001 to be a material weakness.

EXPERIENCE | EXPERTISE | ACCOUNTABILITY

Board of School Directors Selinsgrove Area School District

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

Government Auditing Standards requires the auditor to perform limited procedures on the District's response to the internal control over compliance finding identified in our audit described in the accompanying schedule of findings and questioned costs. The District's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Type of auditor's report issued: <u>Unmodified</u>
Internal control over financial reporting: • Material weakness(es) identified? X yes no
 Significant Deficiency(s) identified that are not considered to be material weaknesses? yes X none reported
Noncompliance material to financial statements noted? yes _X_ no
Federal Awards
Internal control over major programs: • Material weakness(es) identified?X_ yes no
 Significant Deficiency(s) identified that are not considered to be material weaknesses? yes X none reported
Type of auditor's report issued on compliance for major programs: <u>Unmodified</u>
Any audit findings disclosed that are required to be reported in accordance with 2 CFR 200.516(a)? X yes no
Identification of major programs:
AL Number(s) Name of Federal Program or Cluster
84.425 Education Stabilization Fund 10.553/10.555/10.559 Child Nutrition Cluster
Dollar threshold used to distinguish between Type A and Type B programs: \$750,000
Auditee qualified as low-risk auditee? yes X no

SELINSGROVE AREA SCHOOL DISTRICT SCHEDULE OF FINDINGS AND QUESTIONED COSTS (CONTINUED) FOR THE YEAR ENDED JUNE 30, 2023

SECTION II - FINANCIAL STATEMENT FINDINGS

Finding 2023-001 presented in detail in Section III – Federal and Award Findings is applicable to the financial statements.

SECTION III - FEDERAL AWARD FINDINGS

Finding 2023-001 Activities Allowed

ALN 10.553/10.555/10.559 Child Nutrition Cluster

Criteria: 2 CFR part 200 section 303 indicates that the District is responsible for establishing

and maintaining effective internal control over the Federal award that provides reasonable assurance that the District is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the

Federal award.

Condition: During testing, it was noted that 2 of the 40 transactions selected for testing in the

Child Nutrition Cluster did not have sufficient audit evidence to demonstrate they were approved prior to payment. There were no instances of noncompliance with

activities allowed requirements related to the transactions selected.

Cause: Controls over expenditures were not functioning as designed since purchase

orders and/or invoices had no evidence of being approved due to oversight.

Effect: Internal controls over this requirement were not operating effectively.

Questioned Costs: None noted.

Recommendation: The District should follow its established internal control procedures over activities

allowed requirements.

Views of

Responsible Officials: The District will continue to review its internal control procedures over

disbursements and increase its usage of the financial accounting system to aide

in the management of the approval process prior to disbursements.
